GREATLAND GRAPHICS

— SHARING ALASKA WITH THE WORLD SINCE 1985 —

ABOUT US

Established in 1985, Greatland Graphics was founded to produce fine photography calendars featuring Alaska. Throughout its history, we have shown that we love Alaska's wild, rugged landscape, and the abundant wildlife that makes its lands and waters home. We want to share its natural beauty through quality printed products and distinctive Alaskan art. We exclusively publish and represent Alaskan residents' work, and when you purchase our products, you support local Alaskan artists, photographers, and authors. Our note cards and postcards are printed in Anchorage, while our books and calendars are printed in Canada using renewable resources and materials that promote responsible management of the world's forests. Our small veteran and woman-owned company takes pride in excellent customer service and high-quality products.

Owners Carl Johnson & Michelle Turner

CONTRIBUTING PHOTOGRAPHERS

We can publish award-winning photography calendars because we draw upon the talent of some of Alaska's most prolific, accomplished, and talented photographers. Each year, Greatland Graphics sends out a call for submissions to over 90 photographers. From that call, we receive over 5,000 images that are narrowed down to the 90 or so photos that appear in our three wall calendars and our weekly engagement calendar. Our regular contributors include some top names in the Alaskan photographic community.

FEATURED ARTISTS

Shannon Cartwright

Barbara Lavallee

Jon Van Zyle

Shannon Cartwright expresses her love of Alaska through her numerous children's books. She uses a colorful and entertaining story style while teaching kids about Alaska, its land, people, and wildlife.

Barbara Lavallee describes herself as a "very happy person." Indeed, her happiness is vividly presented in her folk art scenes. Her experiences teaching art at BIA schools in Arizona and Alaska have given her a rich knowledge of Native American culture that is showcased in her art.

Jon Van Zyle has been celebrating the essence of Alaska from his own personal experiences for over 50 years. Entirely self-taught, he paints 70 to 80 original paintings a year. Beginning with his experience with running the Iditarod in 1976 & 1979, his paintings reflect a love for the solitude that wild Alaska offers.

BRANDED PRODUCTS

We also offer the opportunity to create branded printed products that highlight your business. This can include printing a special run of calendars with your company logo, creating a selection of note cards featuring photos from our contributing photographers with your logo on the cards, or postcards and notecards with images specifically of your property, service, or activities.

Below are some examples of how we can provide branded products to you. Lead time may take several months, so contact us early if you are interested!

Let us showcase your business with Alaska's beauty!

Branded Calendar

Custom Calendar

Custom Matted Note Cards

Take any of our existing wall calendars and transform it into a product for your customers. Because we include the print of your branded calendar with our own run of the same calendar, it allows for affordable pricing with fewer numbers.

With a custom calendar, we take your art or photos and provide the design service as well as having it printed with our regular calendar printing schedule. Depending on subject, we could also provide the photography for the calendar. For best pricing, it is ideal to print at least 1,000 calendars.

If you like our matted note cards, imagine having custom matts that feature your company logo. That is what we can provide with this option. We suggest you order early as this product has a several-month lead time.

Branded Greatland Greetings Cards

Postcards or Note Cards of Property

Postcards or Note Cards of Activities or Services

Like the branded calendars, we can take any design of our existing Greatland Greetings line and print a branded version just for you. It would include your logo and a description of your business or organization on the back. We can also design you a unique card in the Greatland Greetings style.

For this product, we can either use our talented pool of professional photographers to take the photos, or use your provided photos.

Instead of highlighting a building or other facilities, this option allows you to highlight your key activities. This is perfect for tour operations that wish to showcase the key experiences that they offer. We can either use your photos or provide one of our talented photographers to create the images.

Alaska Proud

We are a small, Alaskan veteran and woman-owned and operated business that exclusively publishes Alaskan photographers, artists, and writers' work. When you purchase our products, you support them and their creative endeavors.

Sustainable

Our calendars are printed in Canada using renewable energy. Our cards are printed in Alaska. Both use paper milled from trees that meet responsible forest management guidelines.

Respect Alaska

We love Alaska's big, wild and rugged spaces, beautiful landscapes, and abundant wildlife. We believe these natural treasures must remain for our children's children and generations that will follow.

Planet Friendly

There are tons of plastics strewn across Alaska's shores that will last hundreds of years; we are utilizing certified compostable plastic packaging wherever possible.

Giving Back

We support the future of Alaska and its people, communities, and the land we all cherish. When you purchase our products, a portion of the proceeds will be donated to selected Alaskan non-profits.
